## Sensys Gatso receives order from the United Arab Emirates worth SEK 8 million

**Sensys Gatso Group, a global leader in traffic safety solutions, has received an order for speed and red-light traffic safety systems worth SEK 8 million from the United Arab Emirates.**

This order was received from the United Arab Emirates, through our local partner and covers speed and red-light enforcement systems for the Dubai Police, using our established radar technology. Deliveries are planned to be executed within the fourth quarter 2019 and in the first quarter 2020.

Sensys Gatso Group has an established regional office in Dubai, from where the company attends to customers in the Middle East and North Africa (MENA).

Sensys Gatso Group has been supplying the Dubai Police with traffic safety systems since 2001, contributing to significant improvements made to traffic safety in this emirate over the years. This order increases Sensys Gatso Group's installed base in Dubai to over 500 systems.

*"We are very happy to further develop our long-term partnership with Dubai Police together with our partner KTC International. The Dubai Police is one of the most progressive and knowledgeable customers in the world, and while we have supported them in reaching their traffic safety targets, they have made us a better and more competitive supplier. Furthermore, this order confirms the strengths of our bi-directional AluTower solution, suitable for the wider and challenging roads of Dubai."* says Saman Alae Naziri, General Manager of Sensys Gatso Group MENA in Dubai, UAE.
