Sensys Gatso receives additional order from the United Arab Emirates worth SEK 5 million

Sensys Gatso Group, a global leader in traffic safety solutions, has received an order for speed and red-light traffic safety systems with a value of SEK 5 million for the emirate of Fujairah in the United Arab Emirates.

On September 23 this year, we announced orders worth SEK 5 million from the emirates of Ajman and Ras Al Khaimah. Today Sensys Gatso has received an additional system sales order from the United Arab Emirates, this time for the emirate of Fujairah. The order is received through one of our local partners and covers speed and red-light enforcement systems. Deliveries are planned to be executed within the fourth quarter 2021 and first quarter of 2022.

Sensys Gatso Group has a growing installed base of speed and red-light enforcement systems in the Northern Emirates of Ajman, Fujairah, Umm Al Quwain and Ras al Khaimah which has significantly contributed to increased traffic safety.

"This is our second order from the Northern Emirates this fall, and I am happy that we are continuing to increase our market share and contribute to further improved traffic safety in these important markets." says Saman Alae Naziri, General Manager of Sensys Gatso Group MENA in Dubai, UAE.
