## Sensys Gatso confirms contract signature in Costa Rica, Central America, valued at SEK 192 Million

**Sensys Gatso Group, a global leader in traffic safety solutions, through its American subsidiary Sensys Gatso USA, confirms the contract has now been signed with the Cosevi Road Safety for the country's Nationwide Intelligent Transportation System. The expected total contract value to Sensys Gatso for equipment, software and maintenance is approximately USD 20 Million, corresponding to SEK 192 Million. Alongside the systems agreement of USD 13.7 Million, corresponding to SEK 132 Million, there is an additional TRaaS maintenance and staffing contract estimated at USD 1.6 Million annually, corresponding to SEK 15 Million, for a contract period of four years.**

The implementation of this national rollout of equipment and services will be achieved by a consortium of companies. Key consortium members include Sensys Gatso USA, ICE (Costa Rica's government run electricity provider), RACSA (Costa Rica's government run telecommunications provider) and Lanprosa SA. Sensys Gatso USA will supply T-Series camera systems and related software PULS and Xilium. The roll-out of the program is estimated to start in Q3 2020 and is expected to be ready for activation by the end of Q1 2021.

*"After two years of working with our client, Cosevi, through their detailed and transparent proposal process, we are so pleased to finally reach contract signature and begin implementation of this project with our consortium partners",* says Alexis Collazo, Sensys Gatso regional sales manager for Latin America and the Caribbean.
